

Action point roundup

Nigel Titley

RIPE 57 Action points

- AP 57.2 [RIPE NCC] Cleanup of forward domain data

RIPE 63 Action points

- AP 63.1 [WW144] To take up the issue of the RIPE NCC providing a geolocation proxy with the RIPE Chairman and see if this needs to go through the services WG, and also to ask the mailing list.

RIPE 63 Action points

- AP63.2 [RIPE NCC] Come back with a statement on what would be involved in making the RIPE database wholly UTF-8 safe.

RIPE 63 Action points

- AP 63.3 [Dave Freedman] Raise issue of reverse lookup method for aut-num objects on the mailing list to find out if this was a desired feature.
